CONDITIONS

1. Validation as per ISO 9001:2008 of Certificate shall be extended and a copy of the referring document shall be delivered to MVM Paks NPP.

Deadline: 20.05.2014.

The Company **DREHMO GmbH** is obligated to announce any changes in its quality management system, technical ability, as well as in its staff important from the point of view of quality to MVM Paks NPP, at the latest within two weeks after occurrence of the change. Disregarding the reporting deadline may result in restriction, or full withdrawal, of the certificate.

JUSTIFICATION

The Mechanical Engineering Section of MVM Paks NPP has applied to the Quality Control Section for the nuclear certification of the Company **DREHMO GmbH**.

The process of nuclear certification has been commenced by the Quality Control Section and a certification process without audit was performed on the 23rd of May, 2013.

During the certification process without audit, the surveying team inspected those documents which confirm whether the requirements listed in Enclosure No. M1 of the procedure FEL005 being in force at MVM Paks NPP are complied with or not by the company **DREHMO GmbH**.

Experts performing the inspection have made sure of that the company **DREHMO GmbH** complies with relevant requirements of the MVM Paks NPP with respect to the activity to be certified.

An appeal against the qualified field and conditions can be lodged within 15 days addressed to the Safety Manager of MVM Paks Nuclear Power Plant Ltd.
